1. The Albanian Government has reportedly taken exceptional measures to protect the frontier bordering on Greece in order to stop the frequent escape of Albanians into Greece. The setting up of three different rows of barbed wire barricades in this border area is one of the measures to be taken shortly.
2. In connection with Government plans to strengthen the southern frontier, informant states that at the end of May 1951, two Soviet vessels transported to Vlone "many thousands" of anti-tank stakes (sic) and large quantities of wire.
